**FOR IMMEDIATE RELEASE:**

November 27, 2002  
NR02-060

## **KING MACKEREL TRIP LIMIT REDUCED TO 500 POUNDS PER DAY IN NORTHERN FLORIDA WEST COAST SUBZONE FOR COMMERCIAL HOOK-AND-LINE VESSELS**

The daily vessel trip limit is reduced to 500 pounds beginning 12:01 a.m., November 30, 2002, for commercial hook-and-line vessels fishing for Gulf group king mackerel in the northern Florida west coast subzone. NOAA Fisheries reduced the trip limit after determining that 126,563 pounds or 75 percent of the 168,750-pound quota for this fishery segment had been taken.

The 500-pound trip limit is a daily landing/possession limit that applies to commercial vessels fishing for king mackerel in the northern Florida west coast subzone. The northern subzone is that part of the Florida west coast subzone that is between 26°19.8' N. lat. (a line directly west from the Lee/Collier County, FL boundary) and 87°31'06' W. long. (a line directly south from the Alabama/Florida boundary).

The 500-pound daily trip limit will remain in effect until the 168,750-pound quota is reached or through the end of the fishing year, June 30, 2003, whichever occurs first. When commercial landings for this fishery segment reach the quota level, the fishery will be closed for the remainder of the 2002/2003 fishing year. The closure will be effective upon filing the notification with the Office of the Federal Register.

A vessel fishing under commercial trip limits and quotas must possess a commercial Federal king mackerel permit. Quotas, trip limits (see reverse side of this bulletin), and permits implemented under the Fishery Management Plan for Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (FMP) are necessary to protect and rebuild the Gulf group king mackerel resource.

# GULF GROUP KING MACKEREL: STATUS OF QUOTAS AND DAILY TRIP/LANDING LIMITS FOR COMMERCIAL FISHERIES FOR THE 2002/2003 FISHING YEAR

ZONE/SUBZONE	QUOTA (POUNDS, lb)	DAILY VESSEL TRIP LIMITS	DURATION OF TRIP LIMITS			STATUS	
						BEGINNING	CURRENT
EASTERN ZONE (Florida)	2,250,000						
East Coast Subzone <sup>1</sup>	1,040,625	50 Fish 75 Fish <sup>2</sup>	Nov 1 Feb 1	until until	780,469 lb 1,040,625	Opened: 11/01/2002	<b>Closed: 04/01/02</b>

WESTERN ZONE (Texas - Alabama)	1,010,00	3,000 lb 0 lb	Jul 1 Nov 19	until until	1,010,000 lb Jul 1'02	Opened: 07/01/2002	<b>Closed: 10/25/02</b>
Hook and Line							

<sup>1</sup> The Florida east coast subzone, located between the Flagler/Volusia and Miami-Dade/Monroe County boundaries, exists only from November 1 through March 31, when the Gulf migratory group of king mackerel extends into that area. From April 1 through October 31, king mackerel landed in that area belong to the Atlantic migratory group.

<sup>2</sup> Trip limit would increase from 50 to 75 fish/day on February 1, 2003, if less than 75 percent or 780,469 pounds of the Florida east coast subzone quota is harvested prior to February 1, 2003.

<sup>3</sup> Fishery is closed through 6:00 a.m., January 21, 2003.

To report violations of commercial trip limits or closures, contact NMFS Law Enforcement Division at **727/570-5344 or 1-800/853-1964**. To obtain considerable recorded information about our missions, services, and management measures, call our toll free public service line at 1-866-570-5301. If the information you need is not available on that line, you can leave us a message and we'll get back to you within one business day. NMFS is an agency of the Commerce Department's National Oceanic and Atmospheric Administration (NOAA).
